Mobile Staging

BPG is pleased to again offer our Mobile Stage fleet for the 2006 season. These hydraulic stages are portable trailers that unfold to a full featured concert stage with a load bearing roof.

Complete setup time in as little as 45 minutes! Rigging points for audio, built-in truss for lighting as well as a weather and fire resistant wind wall are just some of the other benefits this deck has to offer over conventional stages.

SMALL STAGE

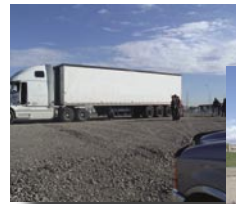

- Floor size: 24' x 20' with integrated 25' x 25' roof
- floor size up to 40' x 28' with optional extension decks
- Set-up: min 45 minutes / min 1 technician
- Personnel Required: 1 stagehand
- Mode of Transport: 1 pickup truck or tractor trailer
- Up to 90% reduction in time and manpower
- Resists 80 mph wind gusts
- Banners install rapidly
- Integrated light and 500 lbs sound extensions (each)
- No anchoring or guy-wiring
- Custom tailored wind walls

The Stageline® SL 100
