Please extend our gratitude to the following members of the Los Angeles Fire Department, for their hard work and willingness to help pay tribute and make Los Angeles FDIC WEST June 2005 Expo possible.

Q. How do Public Safety Officials benefit from the sculpture?

A: The ROS sculpture promotes Public Safety officials and is therapeutically created to be of practical use, the sculpture encourages Uniformed Public Safety Officials, Military, Fire Fighters, EMT's, Paramedic's and Police Officer 's to come together and build the 18ft high by 23ft wide metal structure, benefiting by discussion, camaraderie and allowing individuals to make it personal by adding their fingerprints to the metal beams, this ensures that it will have been touched by 1000's of Brothers hands and have become a very meaningful gift from "Brother to Brother" for formal hand over to FDNY, New York 11 Sept. 2006.

Q. Why did Canadian Artist Kathleen (Katon) Tonnesen dedicate the ROS sculpture to the Fire Fighters?

A: Due to viewing the New York public forum video where Chris Ganci, son of lost Fire Chief P. Ganci and Lt. Tom McGoff 217 Engine, bravely spoke about the Fire Fighter Communities, wives and kids, she knew it had to be dedicated and donated to the Fire Fighters and Public Safety personnel. Lt Tom McGoff sadly recounted how he had taken 6 Brothers in and was only able to bring 4 Brothers out, he passionately asked why his Brothers names could not be engraved beside each other grouped as the family that they are on the NYC memorial, hence the name engraving layout on the ROS. Permission was given to engrave the Chris Ganci quote and FDNY, NYPA and NYPD names. Chris Ganci's quote is now the world famous "Never Forget" Anthem of Brotherhood, performed live at the ROS concerts by Mississippi State Fire Academy Senior Instructor Shannon Sandridge

Chris Ganci quote

Q. What is the "Baton of Brotherhood-Maltese Cross?"

A: A symbol of valour taken from a piece of WTC South Tower One steel, crafted into a Maltese Cross and engraved with the numbers 5-5-5-5 which is passed from Brother to Brother on the ROS journey, returning to FDNY 11 September, 2006

Q. What is the Historic Documented Department Badge Attaching to the engraved ROS journey timeline?

A: Department Recognition for the financial support of a departmental unit, the WORLD MEMORIAL will proudly mount a badge (or equivalent military insignia), from a uniform, public service Department, to the Release of Souls memorial base timeline. In press releases and media coverage, this unique exhibit will highlight the thousands of men, women and units that daily provide,

Public Service across the nation, Dedication and Life-saving Assistance – anytime and anywhere.

The level of financial contribution for this honorary inclusion is \$500 plus a Department's Badge that gets protected and permanently affixed to the touring memorial. A visual and lasting legacy for FDNY 11 Sept. 2006.
