©2001-2006, WORLD MEMORIAL is a nonprofit organization to advance freedom and 9/11 healing. While Ground Zero fires were still burning, professionals from around the globe teamed up to create four programs: "Release of Souls" North America Tour of 9/11 artifacts, artwork and tribute concerts; "Wings of Peace" children's educational program promoting tolerance and goodwill among all cultures; "Rescue!" - a recycling program to distribute used rescue equipment to countries in need; and finally, the "Survivor's Corner" - erecting the WTC steel into a lasting memorial which will preserve for all generations that historic moment seared into our collective memory, September 11, 2001. Sincere thanks to the Volunteers and BOD. ©2006 WM Title Poster, "Never Forget" charcoal sketch by Emmy-Winner Warren Clymer, Layout by Brus D. Messinger and Kathleen Tonnesen.
