

A Gift of Healing for the Human Spirit

We are
brothers
born of the earth
We will not falter
under hatred's curse
United altar
we stand as one
Hear us thunder
we are
strong

Not for
glory
or worthless praise
Not for money
or a moment's fame
We run with courage
to the ones in pain
With arms to rescue
would
you do the same?

We will
Never forget, never
Never forget, never
Never forget,
never forget
We will
Never forget, never
Never forget, never
Never forget,
never forget

The flag
above us
we link arm in arm
Each generation
to the one before
Some have fallen
and we
feel the ache
our hope is steady
and we keep the pace

Called to duty
signal 5-5-5-5
Sacrifices of many
lives
These bells will
ring out for the
ones we've lost
Their race now
finished
at so great a cost

Never forget, never
Never forget, never
Never forget,
never forget
We will
Never forget, never
Never forget, never
never forget,
never forget
never forget

Never Forget

"Release of Souls is a Living Memorial, connecting Communities, collecting and Honoring Names," FDNY Retired, Jack Toale.

An Anthem! The song "Never Forget" speaks of the brotherhood of firefighters and rescue personnel, honoring their strength, commitment and selflessness in the line of duty. The initial inspiration for the lyrics was taken from the words on the Release of Souls memorial written by Chris Ganci, son of FDNY Chief Peter Ganci. Release of Souls memorial was created as a gift of compassion from Canadian's – artist Kathleen Tonnesen, structural engineer Brian Lytton, architectural designer Louis Louw, metal fabricator Dave Rouleau and Dave's Custom Metalworks team.

©2001-2006, WORLD MEMORIAL is a nonprofit organization to advance freedom and 9/11 healing. While Ground Zero fires were still burning, professionals from around the globe teamed up to create four programs: "Release of Souls" North America Tour of 9/11 artifacts, artwork and tribute concerts; "Wings of Peace" children's educational program promoting tolerance and goodwill among all cultures; "Rescue!" - a recycling program to distribute used rescue equipment to countries in need; and finally, the "Survivor's Corner" - erecting the WTC into a lasting memorial which will preserve for all generations that historic moment seared into our collective memory, September 11, 2001.
